

Presentation of Awards

Awards are organised for the best paper presenter, poster presenter, innovator, outstanding student presenter and stall exhibitor to value one's contribution in the field of Complex Rehabilitation Technology sector (includes User centred service provision, good practices in the development of relevant workforce, innovative product, work towards standardisation and influencing at policy level).

Panel of Evaluation Committee

All the paper presentations, posters, and stalls will be evaluated by the expert committee team comprising a wide range of experiences and disciplines. The evaluation committee would select the most outstanding presentation that is most inspiring, effective, impactful, and delivered professionally and engagingly.
