

Call for Abstracts

Mobility India and Ohio State University, USA take the pleasure of inviting you to the CREaTe Conference which will be held on October 18-19, 2024. CREaTe conference details the urgent priorities and areas needed for stronger and more effective action to ensure the 2030 Agenda for Sustainable Development Especially Goal 3: Good health and well-being, Goal 9 - Industry, innovation & infrastructure & Goal 17- Partnerships for the goals of a new development vision where we leave no one behind. Everyone everywhere can access the health services needed including complex rehabilitation Technology.

The conference's objective is to spread awareness of the application and provision of complex rehabilitation technology (CRT) through the application of science and technology. We are expecting an eminent wide range of Keynote and Plenary speakers from India and other countries to participate.

CREATE Conference will be the opportunity to ...

- Learn and share your good and validated practices of new developments and research outcomes in the broad field of CRT
- Interact and learn from colleagues and top experts from all over the region
- Strengthen your network and get involved in collaborative work
- Join a growing national/international community of CRT sector

We welcome abstracts for the Oral or Poster Presentation based on the broad themes as below:

1. User and caregiver perspectives on CRT: Need, demand and supply in India
2. Design innovation and development of CRT - Make in India
3. CRT Service delivery systems, practices and outcomes
4. Workforce development for CRT - Skill India
5. Quality of CRT Products and Services
6. Inclusion of CRT - Policy and standardisation
